Library and Information Science Students to Encourage Networking

WELCOME :)

Library and Information Science Students to Encourage Networking LISSTEN is the student organization of San Jose State University's SCHOOL OF LIBRARY AND INFORMATION SCIENCE and the faculty and staff of the program are considered associate members.

...

Proposed amendment to the LISSTEN Constitution: For Article III, Section 2:

The LISSTEN Board will include one representative from the American Library Association Student Chapter (ALASC) and one representative from and Society of American Archivists Student Chapter (SAASC) as members at large. These two representatives are exempt from the requirement that members-at-large serve on at least one LISSTEN committee during their tenure, due to responsibilities in their organization.

This is the proposed amendment to the current LISSTEN Constitution. Please feel free to contact any board member if you feel it can be improved or you are opposed to this change. This will be posted for two weeks and then sent on to the Activities and Club Organizations Office on the campus of CSUF.

the Fall 2007 issue of The Call Number

Thanksgiving treat -- the newsletter of your student organization LISSTEN!

Focusing on special libraries, articles in this issue demonstrate that the skills of librarianship are indeed transferable -- from cataloging stuffed bears in Alaska, to designing Web sites for a network, to starting one's own library while eschewing traditional cataloging altogether.
